SUGGESTED PRICING GUIDE

FOR KNOXVILLE, TENNESSEE

UPDATED SPRING 2017

NOTES:

When assigning prices, honestly determine what you would pay for an item in its current, used condition.

General wear, fading and pilling reduce the value of an item. Stains, holes, rips, missing buttons/snaps will not be accepted by sales.

Sizes 12 months and lower have lower resale value than larger sizes, due to the large volume of these size ranges at all sales. Average selling price for these sizes is \$1-3.

Holiday themed clothing items reduce price by \$1-3

Fall/Winter clothing has higher re-sale value than Spring/Summer clothing.

Always mark an actual numerical size (not S, M, L) on your tag to ensure that your item will be placed in the correct section.

It's a Best Practice to allow your items to go Half Price – wouldn't you rather earn something than nothing?

Any pricing questions should be addressed to the sale in which you will be participating.
